Rostrum Medical Completes ‘Series A’ Financing Round Led by Shanghai Yonghua Investment Management Co., Ltd.

Investment round subscribed by Shanghai Yonghua Investment Management Co., Ltd.

Vancouver, BC Canada – August 2, 2016

Rostrum Medical Innovations Inc., a Canadian medical device developer announced that it has completed its ‘Series A’ offering being fully subscribed by Yonghua Investment Management Co., Ltd. (“Yonghua Capital”) of Shanghai, PRC.

The company will use the funding to support and expand its clinical validation and to commence its commercialization program of the innovative respiratory monitoring system, the VQm®.

"Rostrum Medical continues to progress with its VQm® development, validation and commercialization program. The financial investment focus of the Yonghua Group compliments Rostrum’s streamlined approach to development and commercialization. We are excited to partner with such a dynamic and well managed international group as we continue our global mission to design and develop truly innovative and non-invasive solutions to patient care” says Awni Ayoubi, President & CEO of Rostrum Medical Innovations.

Linhua (Gary) Yang, Partner with Yonghua Investment Management is “very pleased to announce the deal with a Canadian company, marking a milestone in laying out Yonghua’s international strategy in Canada. Rostrum has a high-quality management and a robust R&D team, with the capacity to bring more innovations and care to global patients. Coupled with Yonghua’s financial support and specialized resources in medical industry in China, this will contribute to better development of both sides, facilitating investors’ belief in Yonghua’s value- investing philosophy.”

Rostrum Medical is poised to become a global medical device company, developing and refining new and useful links between medicines and biomedical engineering with innovative products that enhance patient care. Rostrum Medical is currently in strategic discussions with specialized distribution networks in Canada, Europe, Middle East and Asia.

About Rostrum Medical®

Rostrum Medical® is a privately held corporation, registered under the laws of Canada. Rostrum Medical® commenced its operation in January 2009, with a focus on
